

Educating Best Practices

- Job Order Contracting
- SABER
- Related IDIQ Project Delivery Methods

As the designated nonprofit association for JOC, SABER & related IDIQ contracting, CJE provides certification, education, advocacy, and networking for the JOC industry.

Center for Job Order Contracting Excellence (CJE) partners with the University of Texas at Austin (UT), Cockrell School of Engineering's Texas Engineering Executive Education to provide the industry's JOC certification and CEUs.

CJE provided us with Best Practices to streamline our JOC program. We became members and registered for the JOC certificate program.
